

ICF MOSTRA

IN A NUTSHELL

ICF Mostra is part of **ICF**, a global consulting, communication and technology services provider to government and commercial clients, with more than 5,000 professionals around the world. ICF Mostra is one of the leading integrated communication agencies specialising in public information campaigns across Europe. For more than 25 years, we have been working mainly with the European Institutions as well as other international organisations.

We specialise in the design and implementation of the entire lifecycle of a communication campaign. Our end-to-end, multi-channel, fully-integrated communications solutions include strategy and creation, content and editorial services, print, audiovisual, and web production, stakeholder management, social media activities, media relations, media buying and planning, and event organisation.

The agency, founded in 1986, currently employs a multidisciplinary and international team of around 150 full time communication professionals, including project managers, a strategic and creation team, production managers, journalists, web specialists, graphic designers, video.

ICF Mostra is headquartered in Brussels with a network of partner agencies in 65 countries around the world, including the 28 EU Member States. We are also a partner of **PROI Worldwide**, the world's oldest and largest partnership of independently owned PR and marketing agencies.
